Good for Harry.

On Dominion Day the Madoc and Tweed larrosse clubs had a match at Madoc. The Madoc club won in "three straights," a former Belleville boy, Harry Frice, now one of the "merchant opines," of Madaone of the "merchant princes, of Madoc, having put the ball through each time for the Madocalch

contest succeeded in vanquishing their opponents and covering thomselves with
glory.

The game was called at three o'dook—the
Tigers going first to the bat—and the bat—
teraged with unashated vigor for three
hours. There was quite a crowd of spectators present who were very librard in applauding who any particularly fine play
was made—appeality when 'Dick Deadeye' performed his back somerasult act
when one of the Tigers mistook a tree for
the second basealt into the tilter, and again
when one of the Tigers mistook a tree for
the second baseana. The President of the
Independents, who acted a catcher, alsee
man in for a fair abare of the applace by
his unique method of throwing the ball.

Such little incidents as the above, horcerv, only served to vary the monotory of
the game and to keep the interest of the
player's hand; just shen they thought
they had tt—like Paddy's fess—bits as it
was abrandows oncand totally unacquaint—
ed dither with the horry hands of the Interest that probably accounts for it.

Taking it all together it was a really good
game and there was one fine individual
stood as unpire and there was no licking
over his decisions. The (cliowing is the
score.)

I. N. Marshall Barrister, Brockville, Ont., states:—I we so troubled with cold in the head that I could not speak plainly. One application of Nasal Balm gave immediate relief, and thoroughly cleaned out my head.

The Sensation of the Day.

The public are prepared for anything like a moderate sensation, but they are not prepared to believe that any dry goods store is actually relling goods at cost price. But seeing is believing, and if you just call at BRIGNALL & TAOMPSON'S you will find it to be a fact.

Never mind the crowd, you will get waite on sooner or later, and save fifty per cent. for your trouble in waiting.

A WORD TO THE WISE IS SUFFICIENT.

The Stock of Summer Goods

MUST BE CLEARED OUT!

The Sensation of the Day.

The public are prepared for anything like a moderate sensation, but they are not prepared to believe that any dry goods store is actually selling goods at cost price. But seeing is believing, and if you just call at BRIGNALL & TAOMPSON'S you will find it to be a fact.

Never mind the crowd, you will get waited on sooner or later, and save fifty per cent. for your trouble in waiting,

It is a singular fact, says an observant contemporary, that when a pedestrian hastens to creas a street in order to got based of an approaching while, the driver invariably whips up his horse and makes relicious what would otherwise be easy. It is also a singular fact that, when the travest are modely, nine drivers out of ten jull up on a crossing and leave pedestrians cavigate around his vehicle in the mud.
